

# Livermore Harley Owners Group December 2018 Monthly Rides and Events Schedule

---

Chapter activities are conducted primarily for the benefit of Livermore HOG Chapter Members.

However, we welcome guests to come out and ride with us to find out what we are all about.

All we request is that guests sign a Chapter Wavier prior to ride departure.

**Reminder: We have a no alcohol policy before and during our chapter rides.**

**Be aware, all rides and Events are subject to change or cancellation due to weather or other circumstances beyond our control. Be sure to check your email or the Chapters Facebook page the night before all rides for any update information**

**Please arrive at least 10 minutes before published ride times, and always with a full tank of gas.**

**Ride Skill Level (RSL) Designation Descriptions:**

*To provide our Members and guests a better understanding of the riding skills expected to ensure a safe and enjoyable experience for each specific ride, the Road Captain team has developed the following Ride Skill Levels (RSL), which are included in our ride descriptions. Please use this information to determine if a specific ride is right for you and your riding experience level.*

**Easy Ride: (RSL1)**

Consisting mostly of back roads with some freeways, and ride lasts approximately 4 hours. This is a great ride for beginning riders as they work to improve their riding skills, or for all riders who are just looking for a nice leisurely ride.

**Moderate Ride: (RSL2)**

This ride consists mostly of back roads, but more freeways than Easy Ride. Ride can last up to approximately 6 hours, and may contain some twisties. This is a good ride for riders that feel like they have mastered the Easy Ride category.

**Experienced Ride: (RSL3)**

This ride could be as much as 50% freeway or back road twisties, some switchbacks, and lots of downshifting. Ride can last up to approximately 8 hours.

**Advanced Ride: (RSL4)**

This ride can entail high speed freeways, twisty back roads with switchbacks, unguarded drop offs, reverse banking curves, etc., and can last all day. These rides should be attended by experienced riders that can handle all situations and can ride for extended periods of time.
